Address:

Off Nickerson Blvd, West Of Hutchinson, Hutchinson

Price:

1500.00 \$

I'm putting my 1994 Ford Explorer up for sale. The condition is fair to good. 181,324 miles on it, 2 wheel drive, automatic transmission, V6 engine.

The body is good and straight, has some rust around the rocker panels and wheelwells. Glass is good, no cracks. Never involved in an accident. Has some dents in the bumper, etc.

Engine and transmission operate well. The interior is in very good condition,, with the exception of the tear on the side of the driver's seat edge (see photos). It has not been smoked in.

I will list the faults I am aware of, no need to waste anyone's time with surprises:

The fuel gauge stays on empty. Probably the sender.
Has a small antifreeze leak after coming up to operating temperature, appears to be around the lower radiator hose.

Driver's side and passenger windows needs a new sealator, it will come down from seal during cold weather.
